

**Q.P. Code: 216377**

**Reg. No:.....**

**Second Year MASLP Degree Supplementary Examinations July 2022**

**Adult Language Disorders**

**(2016 Scheme)**

**Time: 3 hrs**

**Max. Marks: 80**

- *Answer all questions to the point neatly and legibly • Do not leave any blank pages between answers • Indicate the question number correctly for the answer in the margin space*
- *Answer all parts of a single question together • Leave sufficient space between answers*
- *Draw diagrams wherever necessary*

**Essays**

**(5x16=80)**

1. Elaborate on hemispheric asymmetry and lateralization. Add a note on significance of handedness on lateralization of language functions and its implications to language impairment following brain damage in adults.
2. Explain the components any one language test battery for adults. Critically evaluate with respect to its clinical applications.
3. With the help of a model explain types of acquired reading disorders in adults.
4. What are the microscopic changes evidenced associated with aging. List the cognitive changes associated with brain changes in elderly
5. Briefly explain the stages of dementia and discuss how the management considerations vary in dementia compared to aphasia.
