CIRCULAR

Sub : KUHS - Academic - Medical - 2019 MBBS Scheme -Publication of Topic Distribution - Reg.

University has received requests from the students to publish the publication of topic divisions of the subjects of the Third MBBS Part II University Examinations

It is informed that , topic distribution for the subjects will be as per model question paper published by the University in the University Website.

It is also informed that some crossover of the topics between paper I and II of each subject is inevitable because of the CBME curriculum and questions are more clinically oriented, where a compartmentalisation may not be feasible always.

Furthermore, it may be also noted that Orthopaedics will be in part of the General Surgery II question paper.

This may be brought to the notice of the students of your college.
