On

Covid 19 AND Kerala: situation and challenges

Dear colleague,

The story of Covid pandemic and how the society responded to it is perhaps the best lesson in public health from which we can synthesize knowledge for the future. Each country and region has done this in unique way, and ours is also not an exception. “Never let a good crisis goes to waste “is a saying in relation to this.

In order to discuss the cutting edge of knowledge and point of care applications for our settings, an academic online discussion platform including international, national and in-house experts for thinking aloud and answering to the specific queries is being arranged.

This international webinar from 9th to 12th August is expected to cover most of the burning academic issues and concerns related to COVID 19. The programme is tentatively schedule as below

Time 7-8.30 PM (IST) For each session there will be also national and in-house faculty

DATE	INTERNATIONAL FACULTY	TOPIC
09-08-2021- Monday	Dr. Gabriel Gonzalez MD (University of Dublin, Ireland)	COVID-19 VARIANTS AND THEIR IMPACT
10-08-2021-Tuesday	Dr. Jennifer Husson MD (Institute of Human virology)	MIX AND MATCH STUDIES OF COVID-19 VACCINES
11-08-2021-Wednesday	Dr. Shyam Kottlil MD, PH.D (Institute of Human Virology)	COVID-19 TREATMENT UPDATES
12-08-2021-Thursday	Robert D. Gallo MD (Institute of Human Virology)	FUTURE OF COVID-19 AND OTHER PANDEMICS

Considering your academic experience and contributions in health science sector, I take this opportunity to invite you to participate in this webinar.

You need to register to this webinar through the link below. Your academic queries need to be handed over to the organizers at least 24 hours before the specific program
