

A Unique Opportunity for Faculty Members to Participate in a KUHS Publication

‘Happenings’: A Publication from KUHS on Recent Advances

As the world moves on towards the next decade of the millennium, we need to take stock of the status of our own speciality and objectively assess what has happened in the past, and what is in store for us in the future.

- Please write in TWO PAGES, about the most promising happening in your speciality in the last decade (2010-19).
- This write-up is in addition to the Facing Sheet (Format given below)
- Prepare the write-up as a Word document, as 10 to 20 bullet points.
- 2 to 3 references are essential.
- The KUHS will be publishing a compilation, with due credits to the contributors.
- One faculty can prepare more than one topic.
- KUHS reserves its right to accept or reject the article without ascribing any reason whatsoever.
