**Third BHMS Degree Examinations
(Model Question Paper)**

Paper I - Surgery with Homoeopathic Therapeutics - I

Time: 3 hrs

Max marks:100

- **Answer all questions**
- **Draw diagrams wherever necessary**

Essays: (2x10=20)

1. Explain the classification, clinical features and management of glaucoma
2. Discuss the aetiology, clinical features and investigations of Hodgkin's disease

Short notes: (10x5=50)

3. Audiology and clinical features of dry gangrene
4. Types and complications of carbuncle
5. Nerve suture
6. Indications and complications of haemorrhage
7. Classification cysts
8. Aetiology and investigations of splenomegaly
9. Aetiology and clinical features of shock
10. Clinical features and investigations of TAO
11. Aetiology and differential diagnosis of lymph oedema
12. Dupuytren's contracture and its management

Answer Briefly: (10x3=30)

13. Ganglion
14. Felon
15. Sebaceous cyst
16. Acidosis
17. First degree burns
18. Dissecting aneurysm
19. Aphakia
20. Trachoma
21. Complications of venous ulcer
22. Anaphylactic shock

(Model Question Paper)**

Paper II – Surgery with Homoeopathic Therapeutics - II

Time: 3 hrs

Max marks:100

- *Answer all questions*
- *Draw diagrams wherever necessary*

Essays: (2x10=20)

1. Explain the predisposing factors, pathogenesis and complications of CSOM
2. Classify fracture and explain the causes, clinical features, management and complications of colles fracture

Short notes: (10x5=50)

3. Clinical features and diagnosis of acute pyogenic arthritis
4. Clinical features and investigations of otosclerosis
5. Classification and investigations of laryngeal tumours
6. Aetiology and clinical features of nasal polyp
7. Indications and types of tracheotomy
8. Clinical features and complications of lung abscess
9. Aetiology and clinical features of periodontitis
10. Clinical features and management of acute osteomyelitis
11. Clinical features and investigations of sensory neural deafness
12. Causes and clinical features of pathological fracture

Answer Briefly: (10x3=30)

13. Dental cyst
14. Aphonia
15. Brodie's abscess
16. Smith's fracture
17. Rhinophyma
18. Sternomastoid tumour
19. Adamantinoma
20. Caries spine
21. Trigger finger
22. Ewing's tumour

**Third BHMS Degree Examinations
(Model Question Paper)**

Paper III- Surgery with Homoeopathic Therapeutics - III

Time: 3 hrs

Max marks:100

- **Answer all questions**
- **Draw diagrams wherever necessary**

Essays: (2x10=20)

1. Compare and contrast the therapeutic indications of four homoeopathic drugs in dyspepsia
2. Explain in detail the therapeutic indications of Apis, Cantharis, Thuja and Staphysagria in cystitis

Short notes: (10x5=50)

3. Abrotanum and Pulsatilla in orchitis
4. Acid nitricum and Merc sol in Ca tongue
5. Belladonna and Chamomilla in ASOM
6. Causticum and Ruta in CTS
7. Secale cor and Ars alb in TAO
8. Colocynth ad Nux vom in ureteric colic
9. Coffea and Staphysagria in dental caries
10. Spigelia and Silcea in sinusitis
11. Aurum met and Rhus tox in osteoarthritis
12. Kreosote and Bismuth in Ca stomach

Mention the indications of two drugs each in the following conditions: (10x3=30)

13. Dental cyst
14. Felon
15. Brodies abscess
16. Primary lymphedema
17. Blepharitis
18. Aphonia
19. Epistaxis
20. Quinsy
21. First degree haemorrhoids
22. Cellulitis

**Third BHMS Degree Examinations
(Model Question Paper)**

Paper IV – Obstetrics & Gynaecology and Homoeopathic Therapeutics I

Time: 3 hrs

Max marks:100

- **Answer all questions**
- **Draw diagrams wherever necessary**

Essays:

(2x10=20)

1. Describe the aetiology, clinical features and complications of iron deficiency anaemia in pregnancy. Explain its management
2. Describe the stages of labour and describe the mechanism of labour in breech presentation

Short notes:

(10x5=50)

3. Hydatidiform mole
4. Signs of placental delivery
5. Lochia
6. Icterus neonatorum
7. Placental polyp
8. Gestational diabetes
9. Missed abortion
10. Effect of gonorrhoea in pregnancy
11. Placenta praevia
12. Uterine inertia

Answer Briefly:

(10x3=30)

13. Threatened abortion
14. Mastitis
15. External cephalic version
16. Indications for cesarean section
17. Causes of perinatal mortality
18. Infantile diarrhoea
19. Pre term labour
20. Decidua
21. Colostrum
22. White leg

**Third BHMS Degree Examinations
(Model Question Paper)**

Paper VI – Obstetrics & Gynaecology and Homoeopathic Therapeutics III

Time : 3 hrs

Max marks :100

- *Answer all questions*
- *Draw diagrams wherever necessary*

Essays:

(2x10=20)

1. Explain the indications of the following drugs for tuberculosis of genital tract

- Arsenic alb • Tuberculinum • Phosphorus • Arsenic iodide

2. Explain the indications of the following drugs in uterin fibroid

- Auram met • Calc carb • Thuja • Medorrhinum

Short Notes:

(10x5=50)

3. Sabina and sepia in abortion

4. Cantharis and Apis in pylonephritis

5. Chamomill and Colchicum in infantile diarrhoea

6. Gelsmeium and Caulophyllum in cervical dystocia

7. Lycopodium and uranium in diabetes

8. Lachesis and Sepia in PID

9. Ignatia and Nat. Mur in menopause

10. Podophyllum and Arnica uterine prolapsed

11. Causticum and Nat. Mur in cystocele

12. Argentum nitricum and nitric acid Dysparuenia

Mention the indications of two drugs each in the following conditions:(10x3=30)

13. Breast abscess

14. PPH

15. Early stage bleeding

16. Eclampsia

17. Breast infection

18. Dysmenorrhoea

19. Leucorrhoea

20. Pruritis vulva

21. Menorrhagia

22. Retention of urine

**Third BHMS Degree Examinations
(Model Question Paper)**

Paper VII – Materia Medica

(Modified Version)

Time : 3 hrs

Max marks :100

- **Answer all questions**

Essays:

(2x10=20)

1. Describe the drug picture of Sulphur
2. Discuss the drug picture of Sepia lady

Short Notes:

(10x5=50)

3. Lycopodium—GIT
4. Calcarea --child
5. Kalmia –rheumatism
6. Chamomilla—diarrhoea
7. Cuprum met—cough
8. Natrum—headache
9. Cantharis—urinary
10. Baryta carb—throat
11. Petroleum—skin
12. Murex—uterine

Answer Briefly:

(10x3=30)

13. Lachesis—haemorrhage
14. Kalicarb-respiratory
15. Veratrum alb—mania
16. Causticum—modality
17. Caladium—sexual symptom
18. Argentum nitricum—eye
19. Merc sol—ulcer
20. Plumbum met—colic
21. Taraxaccum—liver
22. Bufo—epilepsy
