SHORT ANSWER QUESTIONS

 $(5 \times 8 = 40 \text{ marks})$

- 2. Professional malpraxis
- 3. Intersex
- 4. Punishment for Rape
- 5. Universal antidote
- 6. Carbolism
- 7. Effect of different air concentration of Carbon monoxide in body
- 8. Differentiate Nux vomica poisoning and tetanus
- 9. Signs and symptoms of aconite poisoning

LONG ANSWER QUESTIONS

 $(10 \times 5 = 50 \text{ marks})$

- 10. Explain the early signs of death? How will you calculate the time since death from these changes? (5 + 5)
- 11. Describe the external and internal post-mortem finding in a case of death due to drowning? How will you differentiate fresh water drowning and seawater drowning? (5+5)
- 12. Explain the signs of livebirth
- 13. Explain the signs and symptoms, treatment and post-mortem appearance of acute phosphorus poisoning (3 + 3+ 4)
- 14. Explain the provision in Mental Health Care Act, 2017
