NOTIFICATION

Sub: Conduct of Journal club for the faculty organised by School of Health Policy and Planning Studies-Reg:

Journal club is a time tested and one of the most popular methods of knowledge updating for any academic institution. The published articles are discussed on the basis of critical appraisal approach (CAT model) and most of the journal clubs in clinical departments are now organised as a complimentary activity to evidence based medicine practice. The School of Health Policy and Planning Studies is starting journal club in online platform. As our distance learning platform has enough capacity all faculty are targeted and hence we are requesting all interested faculty to participate.

Program Schedule

Date	Time	Topic	Resource Person
19-11-2020 Thursday	11 am-12 noon	Journal Club Article title: Remdesivir for the Treatment of Covid-19 — Final Report Journal: The New England Journal of Medicine, November-5, Volume:383 No-19 Authors: J.H.
